

How to tie a Hunting Stock

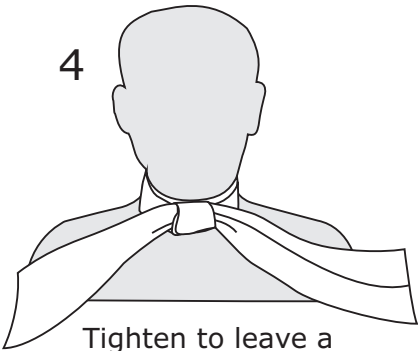

Place the tie round the neck with the long end passing through the slot. Secure it to the shirt by the front button.

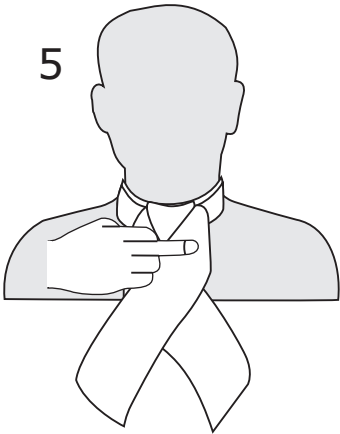

Tie a square knot. Take the left end & place it over the shoulder.

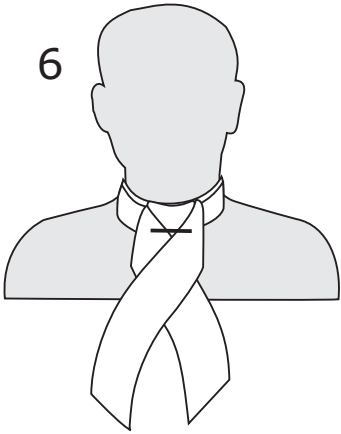

Take the right end and pass it through the fold.

Tighten to leave a smooth looking knot.

Cross the ends as illustrated and hold with the second finger of the right hand.

Secure at this Point with a plain tiepin. This must lie straight after having secured both ends into the knot.
